of Govt: be obtained if the retention of her
Services was necessary

3. In reply the Senior Surgeon States
that he had been examined Salomi John,
that she was in good health, that she has
put in 3 years Service and had no Rheu
-matism for 2 years and that under these
circumstances she was quite fit for Servi

6. The Comptroller having been asked as above in Dft. No 17013 of 30 May 1903 that

Officer now States that in Govt. Order No 12806-16
L.D. 105-95
of 30 March 1901 it was ordered that Physical fitness certificates should be obtained for

those

those midwives who were entertained subsequent to Govt. Order of 4th July 1896 and that agreeably to this order the Senior Surgeon was requested by him (Comptroller) to furnish certificates by Lieut that officer Lieut Shaw in October, (one in July 1901, another in August 1901, and a third in March 1902), that when all of them were taken up for check in the latter part of October 1902 after the last audit was over, 23 midwives were found to exceed the age of 25 and that the Senior Surgeon was requested to obtain the sanction of Govt to their continuance in Service.

7. The Comptroller adds that at the same time (October 1902) it was found from the certificate granted on behalf of Solomie John that she was not only over 25 years of age but also unfit for entertainment in Service and that the Senior Surgeon was thereupon questioned why the woman was still kept in the ~~Service~~ Service but that Officer furnished him with a revised certificate of 6 May 1903 declaring her to be fit for employment in Service

8. The Comptroller further states that each case was not taken up and reported upon as it was ready, as it was thought that it would involve considerable labour

and

and Correspondence both in Chief's Office and in that of Senior Surgeon of Govt. and that the Question of physical fitness &c of the entire Class might be disposed of more Conveniently by a single reference especially as the matter was not at all urgent or likely to cause inconvenience to anybody, all the midwives being already in Service, doing their duty and drawing their pay without any objection and that only a formal Sanction was nece sary for note in the Audit Register

Sir,

With reference to your letters Nos 17013. 103-93 and 17093-4. At the same time (October 1902) it was found from the Certificates granted on behalf of Salomi John that she was not only over 25 years of age but also unfit for Entertainment in Service. This office thereupon questioned the Senior Surgeon why the woman was Still kept in the Service, and that officer furnished this office with a revised Certificate dated 6th May 03, declaring her to be fit for employment in Service, informing at the same time that he had applied to Government for Sanction in regard to her age. Each case was not taken up and reported upon as it was ready, as it was thought that it would involve considerable labour and Correspondence both in this
